GREETINGS FROM A VIRTUAL WALK TO KABUL IN SUPPORT OF AFGHAN WOMEN

Desperate for an education, these Afghan girls are writing their three-hour final exams in the snow.

The future of Afghan women and girls is in peril in the present peace talks. **Members and Friends of the Canadian Federation of University Women are WALKING TO KABUL** to raise awareness of this danger.

Talks at the peace table must include:

- **Unconditional ceasefire**
- **Meaningful inclusion of women in peace talks**
- **Protection of human rights for all citizens**
- **Equal education for all**

ACTION: Canada must work with its allies to bring a sustainable peace to Afghanistan that ensures human rights for women and girls.
